LIABILITY OPTIONS

Two Liability Cover Options are offered, namely Standard Cover and Super Cover. These options are NOT personal liability covers, but cover for damage to vehicles and/or 3rd party property. These liability options do not cover equipment, fridge, rooftop tents or awnings. Details below:

Standard Cover:

This cover carries the highest liability which is applicable in the event of any accident, theft or damage to either the vehicle or third party property. A higher excess value of R/N\$ 55,000.00 is pre-authorised on the renter's Visa or MasterCard credit card at the time of collection. Funds will only be deducted from this amount, should the renter return the vehicle and/or equipment in a damaged condition or for any 3rd party damage. If no claims exist, this amount is released within 21-30 working days from date of return, by the renter's financial institution. Standard liability cover does not include repair to or replacement of tyres, rims and windscreens/glass.

Super Cover:

A daily rate is charged per day as per your quotation/rental agreement detailed as Super Cover. This cover is a NO LIABILITY cover and is applicable to the vehicle and third party property damage and includes the cost of replacing or repairing of windscreens, rims & tyres, radio theft and recovery costs.

Tyres are limited as follows:

- **Rentals up to 14 days: 2 x Tyres Max**
- **Rentals 15 days and Over: 4 x Tyres Max**
- **Used tyres will only be covered up to 50% of the used purchase price**

Windscreens limited to 2 (two) per rental

A security deposit of R/N\$5,000.00 is pre-authorised on the renter's Visa or MasterCard credit card at the time of collection to ensure that the vehicle is returned to the agreed location, on the agreed date, in a clean condition and no items are lost or damaged. This security deposit is fully refunded within 21-30 working days, after date of return, should all the terms and conditions be adhered to. This cover excludes lost equipment, fridge, rooftop tents and awnings.

CLAIMS HANDLING FEE

A handling fee of R/N\$1,500.00 is charged on all claims submitted, irrespective of the liability cover option taken.

ACCIDENTS

Single vehicle accidents are included in all liability cover options, except in the case of roll-overs. In case of damage to the vehicle rented, the following will apply:

The incident:

All accidents must be reported to the supplier, and by law, to the Local Police within 24 hours. An AR (accident report) number from the police must be obtained at the time of reporting the incident. This proves that the accident has been registered. Failing to report accidents may void all liability cover and the renter becomes fully liable for all costs. We advise you to take as many photographs of the accident scene and also obtain the third party details when applicable. These can be recorded on the reverse side of the rental pack envelope supplied to you on collection. We also suggest you take a photograph of the driver's licenses of the persons involved and of the license disc displayed on the windscreen of the 3rd party vehicle. An accident report which is provided in the RENTAL PACK, must also be completed. These documents and records of evidence will be submitted to the supplier in order to process the incident.

The vehicle:

The renter is responsible for the recovery of the damaged vehicle to the original rental branch depending on the liability cover option taken. A replacement vehicle will only be dispatched once payment of all damages / recovery costs to the first vehicle is made. The supplier reserves the right to withhold a replacement vehicle; this does not entitle the client to any claims against the supplier.

If the renter requires a replacement vehicle to be delivered, charges will be levied according to the liability cover option taken on the rental.

If the renter is not granted a replacement vehicle, no refunds for early termination of the contract will be considered.

Should the renter continue with a replacement vehicle, this vehicle will be noted under the current rental contract and standard cover will be applicable. This includes a new R/N\$55,000.00 pre-authorisation on the nominated credit card. Super Waiver Cover is not available on a replacement vehicle (irrespective of which party is at fault).

Neither the supplier nor booking agent is responsible for any damage or theft to items of personal nature. Travel and personal insurance is highly recommended.

Exclusions of all cover options:

The renter is fully liable for any damage to the supplier vehicle or third party property if:

- Any terms of the rental contract is breached;
- Damages are sustained whilst the renter/driver is in violation of any traffic laws or ordinances;
- Damage to the vehicle is caused by careless, wilful or reckless driving. This includes:
 - Driving under the influence of alcohol or drugs
 - Driving on restricted or unrecognised roads

Renters are reminded that the motorhomes are high. Caution needs to be taken when driving under branches, bridges, through archways or any overhead obstructions. (the height of the overhead obstacle must have a clearance of more than 3.5m)
- Related to water submersion or salt water damage:
 - A vehicle may not go through water
- The vehicle was driven in a country in which written approval was not obtained from the supplier;
- Damage is incurred due to incorrect use of the hand brake;
- The damage is to the clutch after 3 days of commencement of the rental. The customer is then liable for:
 - The cost of the clutch kit which is R/N\$ 24,500.00 including VAT and installation;
- Roll-overs are not covered in any liability cover options. A roll over is defined as a vehicle sustaining all types of damage due to it not being on all 4 wheels at any given time (the vehicle being on its side is construed as a roll over);
- The incorrect fuel is pumped into the fuel tank and/or fuel in the water tank will incur a R/N\$20,000.00 cost. The supplier advises that should this occur, the vehicle is to remain turned off and not started under any circumstances. This reduces the damage caused;
- Undercarriage damages by means of any and all damages including but not limited to the side sills, prop shaft, side shaft, front and rear diff and exhaust system;
- Lost equipment, steps, roof vents, air-cooling system (A/C) and awning where applicable

The renter is responsible for any damages or accidents that the supplier has not been made aware of on the return of the vehicle. Please note the applicable charges will be charged to the nominated credit card.

Liability reduction options are not available on replacement vehicles (irrespective which party is at fault)
 - A new pre-authorisation for the standard cover excess, will be blocked on the nominated Visa or MasterCard credit card for the replacement vehicle.

AIR-COOLING SYSTEM

The air-cooling system in the cabin and rear of the vehicle (Motorhomes), is designed to be used in South African weather conditions. In regions where the temperatures reach in excess of 28 degrees Celsius, the unit may not work as effectively. This is normal and does not constitute grounds to request a replacement vehicle. Whenever the vehicle is stationary, or idling for prolonged periods, the cabin air-cooling system must be switched off to prevent damage.

The air-cooling system in the living area of the motorhomes only works when it is plugged into a 220v power supply. This power supply can be found at most camp sites. The vehicle is supplied with an extension cord, which is plugged into the camp site power box, and then plugged in the motorhome in the socket labelled POWER INLET.

DUST INGRESS

It is not possible to make vehicles dust proof and therefore refunds or claims for any dust ingress of any nature will not be considered.

The holder of the credit card needs to be present at vehicle collection in order for the transaction to be processed. The supplier is not responsible for any currency fluctuations that may occur in any transactions.

EQUIPMENT

All motorhomes and equipped 4x4 vehicles are supplied with equipment (unless otherwise agreed upon). Liability cover options do not cover any equipment supplied with the vehicle. Any loss or damage to the equipment including items such as GPS, baby seats, awnings, steps, etc. will be charged to the renters credit card. Should any of the equipment malfunction during the rental period, the supplier is not liable to provide a replacement vehicle. Repairs can be made according to clause **Vehicle Repairs** of this document.

Motorhomes can only be driven on sealed/tarred, bitumen and gravel roads in South Africa, Eswatini (Swaziland) and Lesotho.

The supplier will allow **Motorhomes** to travel into Namibia with a once-off surcharge fee of ZAR5,000.00.

Repairs of up to R/N\$1,500.00 may be affected without prior authorisation from the supplier and such repairs will be reimbursed, on the submission of a claim with original receipts attached. Amounts above R/N\$1,500.00 will require verbal/telephonic approval from the supplier on-road assistance, where a ticket will be logged on the ticketing system for reference when submitting your claim (numbers provided in your rental pack). Should approval not be obtained the claim may be disputed.

Should a call-out fee be charged by a supplier to replace a tyre, approval must be obtained from The Supplier Road side assist team. Should permission be granted by the supplier for an overnight stay in a lodge, due to repairs, a maximum allowance of N\$/R1,500.00 per night per vehicle is granted for a maximum of one night in South Africa, and two nights outside of South Africa (Namibia & Botswana).

The renter is responsible for the repairing of flat or punctured tyres. The driver should not exceed the road traffic ordinance. The Supplier recommends a **maximum** speed of 120km/h on tarred roads and 60km/h on gravel/sealed or corrugated roads and 40km/h in National Parks where applicable (do not exceed the recommended speed limits on your route where applicable signs are shown). Tyres get hot and pressures increase at higher speeds. Tyres are then susceptible to damage especially on uneven surfaces. When replacing a tyre, please ensure that it is of the same brand, size and ply rating of 4mm or more. Reconditioned, second-hand or re-treaded tyres are NOT acceptable.

The renter is required to check the tyre pressure when the tyres are cold (i.e. not after travelling for more than 10km), at regular intervals. All tyres should be checked, including spares. The supplier's policy is that they will not supply tyres with thread less than 4mm which is within the South African Road Ordinance limits of 4mm.

The supplier reserves the right to repossess the rental vehicle at any time if it found illegally parked, being used to violate the law or appears to be abandoned and/or continuously exceeds the maximum speed limit of 120km/h.
